Dave -
all year I've been wondering
what that car with the light on top
was. When a big siren blew it went
tearing out of the arrow head like
lightning. - You seemed to be the only one
that knew what it was. - Oh, well
it been really great going to school
and playing Ball with you. Thanks for
a great friendship. - I'll see you around

Dave,
I have really enjoyed being in Family Living with you this year. You have a wonderful sense of humor and knowing you has been a pleasure.
Dolores, Hardesty '54

Foreword

The 1953-54 school year is completed and another class of seniors have graduated. It is the sincere hope of the Echo Staff that each of you, as you leaf through these pages will find a little pleasure in reminiscing over your school days.

We have included in the picture record of C.H.S. snapshots of our school, social, scholastic, and sports events, and pictures of the students.

Thus, we present this book to you; may your hearts be lighter and your lives be happier for the memories it may bring.

Dave - I'll never forget the night we sat on the curb talking for hours. Or the other day when you were so pressed up in your suit. You really looked swell. Dave, I've enjoyed knowing you. With your personality I'm sure you will succeed.

Best of Luck
-Frances

DEDICATION

To Those People
Who Have Supported
Our Teams, Win, Or
Lose We Dedicate
This Book.

It will be a long time before the students and teachers of C. H. S. will forget the familiar face of Johnny Hays.

Johnny, a well known member of the Junior class met his death less than a month before the 1953-54 school year started. Had he lived he would have been one of the Cavemen cheerleaders and Business Manager of the Key Club. He was active in many of the school activities and had a very pleasing personality.

We, the Echo Staff, would like to express our deepest sympathy to the family and friends of a wonderful person, who we think even in his short life was a real success.

Success is being friendly when another
needs a friend;
It's in the cheery words you speak,
and in the coins you lend;
Success is not alone in skill and deeds
of daring great;
It's in the roses that you plant beside
your garden gate.

Success is being big of heart and clean
and broad of mind;
It's being faithful to your friends,
and to the stranger kind;
It's in the friends whom you love,
and all they learn from you---
Success depends on character and
everything you do.

what were doing?

TOM HANSEN
Principal

To CHS Citizens:

Our ECHO this year is but another evidence of the high level of cooperative student-faculty planning which permits and supports the varied activities of CHS. Our annual will provide us with a picture record of most of these activities.

But there are many aspects of high school life which cannot be imprinted on any page but which are, in many ways, more important because of the permanent images which they leave upon the heart. An annual may be lost but these inner images will be ours forever.

We of the faculty hope that these images of the mind and heart will become dearer to you with each passing year. We also wish for you the happiness and satisfaction which comes only from honorable work well done.

Sincerely,

Tom Hansen

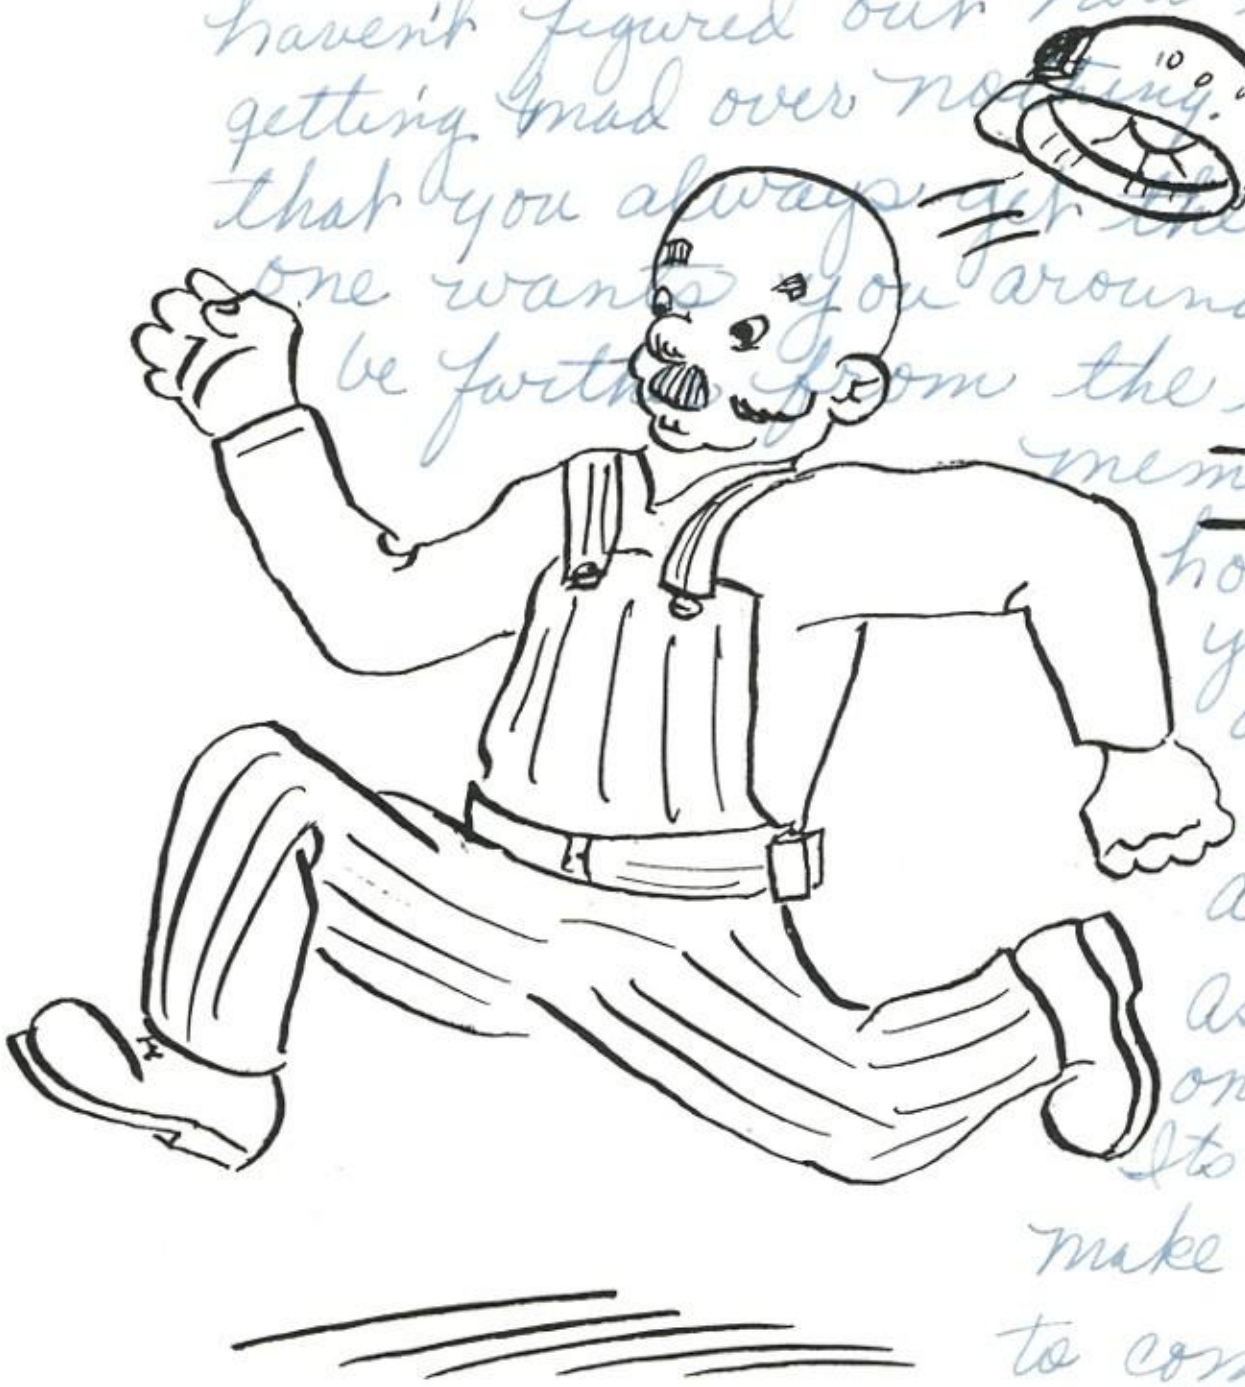
ACTIVITIES

Dearest Dave-

I think you're one of the sweetest guys I know. No one else has such a crazy way of making things seem just right just by smiling and yet when you smile who cares about any thing else. We've had lots of fun although I still haven't figured out how to keep you from getting mad over nothing. Once you said that you always get the feeling that no one wants you around. Nothing could be further from the truth. Just remember, Dave, that how much of a success you are in life depends only upon you. I'm sure that you will always be happy.



As I was once told:

It's boys like you that make girls like me want to come back but know they'd better not. Be sweet.

Love ya,

Kay

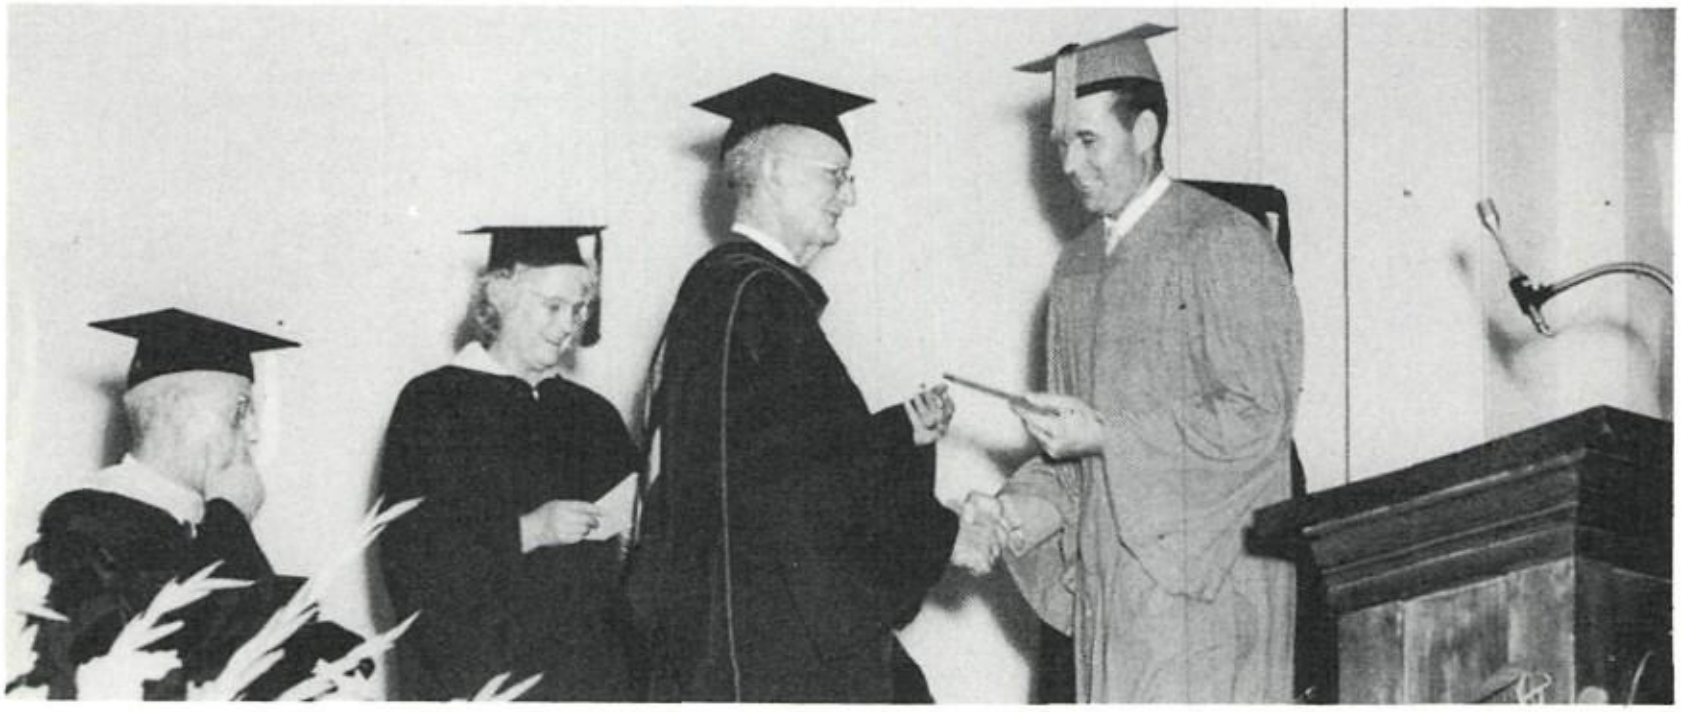
The Carlsbad College Instructional Center, established August 1950, is under the direct supervision of New Mexico College of A. & M. Arts. Fully accredited, the local college center offers courses of freshman and sophomore level, transferrable to any four-year college in the United States. It provides citizens of Carlsbad and surrounding areas an opportunity to acquire an education beyond high school without having to leave home. With classes meeting in the evening, students are free to hold full or part-time jobs and still take advantage of getting a college education. Operation of and instruction in the college center is maintained entirely through tuition and student fees.



Frank Bohannon receiving the first Associated Arts Degree awarded by Carlsbad College Instructional Center. The degree was presented by Dr. J. W. Branson, president of the New Mexico College of A. & M. during the 1953 summer session graduation exercises.

then this summer your coming after me at work. We do have lotz of nice times to remember. I'm sure I'll never forget them. Don't you either. Dave you are awful lot & I know it. Maybe next year when you're a freshman I can help you out & a few hundred times in between.

I love you.

Dave —
As this year draws to
a close, it's filled with lots of
memories, some good and some
bad. Such the one in which
you've had a part are some
of the best. I seem to have
a bad effect on people's radios.
We've had a lot of fun hunting
for spooks and studying (?)
until 1:00. But you finished
any way. You may think
you've had fun these past
two years, but believe me the
next will be the best. This
is beginning to sound like
a lecture. I know you'll
be a great success in sports
because you're so good. Just
be sure you pass. Here's
wishing all the best in
the world to the most
wonderful boy I know.
Be sweet.
Lots of love
Kaye

Dave, I don't know what I would have done if it hadn't been for you these last few weeks! Done crazy I guess! Dave, you are the second best guy I know, Mike of course, is the first! Your friendship has meant the world to me, you are not just another boy, you are Dave! We have had lots of good times together, or should I say all four of us. You have helped both of us more than you know! Its easy to talk and laugh with you Dave but its an entirely different matter to sit down and write in your Echo, knowing that this is the last time. Dave, I know that you will be the star in football next year and probably every thing else!! You have what it takes! We won't ever forget you as long as we live, lets go on being friends!

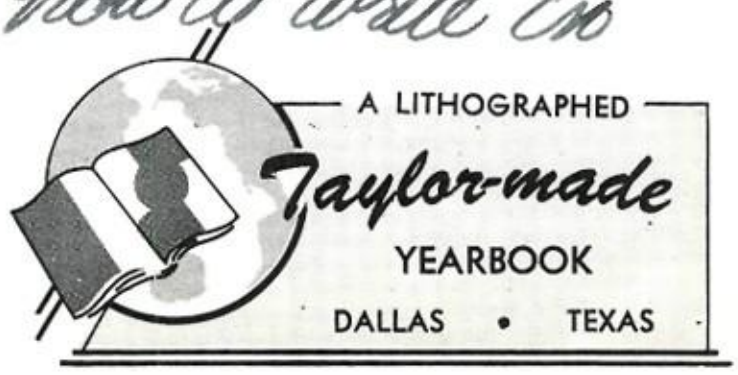
Mabel & Rita

(Reserved)

Dear Dave

It's been a mighty long time since we got these little books. I'm not a part of C. H. S. anymore and it gives me kind of an empty feeling, but then if I start analyzing C. H. S. - especially my senior year - I find that you were the whole show for me & I still have you (don't I) so the picture is still complete. My senior year was & probably always will be the most wonderful (yet) I'll ever live & you were the reason. Lots of nice things happened to me but they were all because of you. All my life I had dreamed of senior year but I didn't ever suspect that it would be better than I had ever dreamed. I do want you to enjoy yours but not in the same way I did.

I'm glad I waited until now to write in this because I think you & I are beginning to show signs of growing up. We have no way of knowing what the future holds for us



but with each day we are becoming more able to take what life hands us. Dave, I know I have told you before but I want you to realize what wonderful folks you have. I say I want the best for you — & so do I — no matter what it is. You have "a lot on the ball" if you just get that ball rolling & you're doing a fine job getting it started.

It's been almost fourteen months since Dave & Carolyn got together. It's been wonderful, of course there were a few exceptions - in fact quite a few, but then it was never dull was it?

I have no way of writing down all the many things I'd like to but I'd rather tell you anyway. One thing, Dave, do make the most of this year. Your future, & maybe mine too, depends on it. Another thing, remember all the nice times we've had - my meeting you on the field & you bruising my eye everytime, riding around every Sun. afternoon & then going to the show that night, the dances (not to mention the fights we had at them) getting teased in pep assembly every week, eating cheeseburgers at Jan's or tacos after the basketball games, leaving notes in the locker, the Prom & X-mas &
